London, December 5.  
Yesterday arrived the Mails due from France and Holland.

**Lisbon, November 4.**  
On the 28th of the last Month, being the King's Birth-Day, he received the Compliments from all the Nobility and Gentry, usual on that Occasion: His Majesty is now entered into his 33d Year. The Marquis d'Abrantes, Director of the Royal Society of History, accompanied by the King on that Occasion, likewise complimented the King on that Occasion, and presented a Report of the Improvements of the Academy, at which his Majesty was well pleased. The Ambassador of Spain has notified at this Court, the Conclusion of the Marriage between the Prince of Asturias and Mademoiselle de Montpensier. It is reported, that the Court of France has taken several French Ships that have been taken and confiscated for some Years past on the Coast of the Brazil. The Fernambucco Frigate sailed hence on the 10 Instant for the Brazils, consisting of 19 Men of War. The under Convoy of 1800000 Crusades Tobacco Firm is left, besides 130000 Crusades in a Year, for three

**Nov. 25.** On the 25th Instant, the French Ambassador, the Duke of St. Simon, arrived here with a numerous Retinue, and was the next Morning attended upon by the Marquis de Grimaldo, Secretary of State, who conducted him in his own Coach to the Ambassador's first private Audience of the King. Their Catholic Majesties Departure for Lerme, which was fixed on this 25th Instant, is now put off for a few Days longer, in order to give the Duke of St. Simon Time to acquaint himself of his publick Functions. On the 23d Instant, the Royal Spanish Academy sent four Deputies to compliment their Majesties on the Infanta's Marriage with the King of France. Advices from Barcelona say, that a Lieutenant of the Regiment of Lombardy, with four Grenadiers, being on Duty a coasting along the Shore in a Boat, descried at Day-break a Moorish Ship near Garrafa, which sent off two Boats manned and armed, in order to make Slaves of such Persons they could bring from Shore: the Lieutenant's Boat rowed towards the two Moorish Boats, one of which made off to the Ship, but the Lieutenant and his Company attacked and took the other, killing four Men, and taking 11 Prisoners.

**Nov. 22.** It is currently reported that the Duke of Devonshire will be appointed Viceroy of the Publick Entry of the Princess fixed on the 28th Instant. Meeting on that Occasion and distributing the People; the Burghers and the City are making great Preparations for that Day, being expected to distinguish in an extraordinary Manner. Sunday was observed as a Day of General Fasting in all the Churches, for the Princess Sophia Hedwig from disposition.

**Paris, Dec. 10.** Prince Dolorucki, the Czar's Ambassador at this Court, intends to give a Publick Entertainment for three Days together on Occasion of the Conclusion of the late Peace with Sweden. This Feast is to begin on the 15th Instant, and to end on the 17th following in the Evening, after which the Company are to be diverted with a Ball. The Jubilee, that was to commence on the 14th Instant, has received Orders from the Cardinal de Noailles to put a stop to the printing of the Mandate which his Eminency would publish on that Occasion. It is reported that the Cardinal du Bois will remove to the same Lodgings in the Tuilleries where the Dutchess of Vantadour lived lately. The Archers are sent after two Footmen who entered themselves in the Service of that Dutchess a little before her setting out for Spain, and were informed against by Cartouche, who 'tis reported, had disposed several of his Gang to be menial Servants in great Families, in order to commit Robberies. Advices of the 29th of the last Month from Bourges, the Capital of Berry, say that a Gang of Robbers have stolen the Sum of 70000 Livres out of the Mint in that City, and that several Persons suspected of that Theft have been taken up. On the 1st Instant two Rogues entered the Marquise de Sabran's Apartment in the Hotel of Luxembourg at 7 a Clock, and carried off abundance of Jewels.

This City is at present extremely infested with Thieves, and Robberies in one part or another of it are committing continually. On the 19th of the last Month the Mayor and Sheriffs as the Head of the Company of this City, preceded by the Colonel and City Archers, went by the King's particular Order to the Hotel of Ambassadors Extraordinary, and paid their Compliments to the Duke of Osuna, Ambassador Extraordinary from the King of Spain, who was accompanied by M. Lawles, Ordinary Ambassador from his Catholic Majesty, upon the Marriage Agreement between the King and the Infanta of Spain, and the Conclusion of that also between the Prince of Asturias and Mademoiselle de Montpensier: This was performed with the usual Ceremonies, and with such Presents as the City is accustomed to make on these Occasions. On the 2d Instant Baron Hop, Ambassador from the States General of the United Provinces, had a private Audience of the King, being conducted by the Chevalier de Sainctot, Interpreter of Ambassadors. Francis de Roye de la Rochefoucault, Count de Roucy, Lieutenant General in the King's Armies, and Governor of Bassem, died in this City on the 29th of the last Month, in the 63d Year of his Age.
